hydrobiologia volume 304 (1995), contents

no. 1

The influence of the diel climatic cycle on the depth–time distribution of phytoplankton and photosynthesis in a shallow equatorial lake (Lake Baringo, Kenya)
by G. Patterson & K.K. Wilson 1–8

Plankton and hydrography in a moderately eutrophic eastern Adriatic bay (Gruž Bay)
by D. Viličić, F. Kršinić, M. Carić, N. Jasprica, S. Bobanović-Ćolić & J. Mikuš 9–22

Do *Microcystis aeruginosa* toxins accumulate in the food web: a laboratory study
by C. Laurén-Määttä, J. Hietala, M. Reinikainen & M. Walls 23–27

Seasonal changes in zooplankton abundance in the lower Rhine during 1987–1991
by G.M. van Dijk & B. van Zanten 29–38

Phytoplankton primary production in a mesotrophic pond in sub-tropical Bangladesh
by M. Khondker & Md.A. Kabir 39–47

Effect of bioturbation on denitrification in a marine sediment from the West Mediterranean littoral
by F. Gilbert, P. Bonin & G. Stora 49–58

Life histories of *Neomysis integer*, and its copepod prey, *Eurytemora affinis*, in a eutrophic and brackish shallow lake
by K. Irvine, D. Snook & B. Moss 59–76

Books received 77–78

Book reviews 79–83

no. 2

Recolonization of estuarine organisms: effects of microcosm size and pesticides
by D.A. Flemer, R.S. Stanley, B.F. Ruth, C.M. Bundrick, P.H. Moody & J.C. Moore ... 85–101

Microhabitat diversity and associated macroinvertebrates in aquatic banks of a large European river
by L. Cogerino, B. Cellot & M. Bournaud 103–116

Physiological energetics of the zebra mussel *Dreissena polymorpha* in lakes. I. Growth and reproductive effort
by M. Sprung 117–132

Physiological energetics of the zebra mussel *Dreissena polymorpha* in lakes. II. Food uptake and gross growth efficiency
by M. Sprung 133–146

Physiological energetics of the zebra mussel *Dreissena polymorpha* in lakes. III. Metabolism and net growth efficiency
by M. Sprung 147–158

Books received 159–160

Book reviews 161–168

no. 3

Structure of the mouth tube of a parasitic copepod, *Isobranchia appendiculata* Heegaard, 1947 (Siphonostomatoida: Lernaeopodidae)
by A. Chandran 169–174

Influence of temperature and salinity on embryonic development of *Paracentrotus lividus* (Lmk, 1816)
by M. Bressan, M. Marin & R. Brunetti 175–184

Benthos of Lake Mikri Prespa (North Greece)
by D. Petridis & A. Sinis 185–196

Geochemical partitioning and bioavailability of copper to aquatic plants in an artificial oxide-organic sediment
by L.A. Warren, P.M. Outridge & A.P. Zimmerman 197–207

Declining populations of the fingernail clam *Musculium transversum* in the upper Mississippi River
by D.M. Wilson, T.J. Naimo, J.G. Wiener, R.V. Anderson, M.B. Sandheinrich & R.E. Sparks 209–220

Winter limnology: a comparison of physical, chemical and biological characteristics in two temperate lakes during ice cover
by M.D. Agbeti & J.P. Smol 221–234

A new species of the genus *Diaphanosoma Fischer*, 1850 (Crustacea: Daphniiformes: Sididae) from Central Asia and China
by N.M. Korovchinsky & I.M. Mirabdullaev 235–241

Erratum 243–245

Books received 247–250

Book reviews 251–255

Author index 257
